

NATIONAL RAIL TIMETABLE

This timetable is valid from Sunday 11 December 2022 to Saturday 20 May 2023 inclusive and contains details of all train services operating in England, Scotland and Wales.

This definitive guide has been created by Brian Burkinshaw and the team at Fabrik, www.fabdigital.uk/showcase whose data and design experts have many years' collective experience of timetable production, stretching from the British Rail era right through to the present day.

Using our own in-house bespoke timetable software, timetable data is downloaded, edited and formatted to create the individual tables contained within this publication. This data was downloaded no earlier than 10 September, no later than 15 November, and with daily checks for any ongoing changes was correct as of Friday 18 November. Service changes will continue to be monitored on a weekly basis and updates made where appropriate.

Please note that timings for table 220 Caledonian Sleeper services were not fully confirmed at the time of publication, but will be updated as soon as they become available. Alternatively, please visit www.sleeper.scot for the latest information.

All pages are formatted as A4 pdfs, so can easily be printed.

Looking ahead to the future, this National Timetable will become available online with many additional features, including maps and interactive links to many other services.

We would like to take this opportunity to thank Barry Doe for his invaluable contribution to this project so far. Barry is a leading commentator through both his website www.barrydoe.co.uk and his column in Rail magazine www.railmagazine.com

FEEDBACK

We welcome any comments and observations. Please email feedback@fabcomms.co.uk
