

NATIONAL RAIL TIMETABLE

This timetable is valid from Sunday 10 December to Saturday 1 June 2024 inclusive and contains details of all train services operating in England, Scotland and Wales.

This definitive guide has been created by Brian Burkinshaw and the team at Fabdigital, whose data and design experts have many years' collective experience of timetable production, stretching from the British Rail era right through to the present day.

Using our own in-house bespoke timetable software, timetable data is downloaded, edited and formatted to create the individual tables contained within this publication. This data was downloaded no earlier than 9 September, no later than 11 November, and with daily checks for any ongoing changes was correct as of Saturday 11 November. Service changes will continue to be monitored on a weekly basis and updates made where appropriate.

All pages are formatted as A4 pdfs, so can easily be printed.

We would like to take this opportunity to thank Barry Doe for his invaluable contribution to this project so far. Barry is a leading commentator through both his website www.barrydoe.co.uk and his column in Rail magazine www.railmagazine.com
