NATIONAL RAIL TIMETABLE

This timetable is valid from Sunday 2 June to Saturday 14 December 2024 inclusive and contains details of all train services operating in England, Scotland and Wales.

This definitive guide has been created by Allan Woodburn and the team at Fabdigital, whose data and design experts have many years' collective experience of timetable production. Using our own in-house bespoke timetable software, timetable data is downloaded, edited and formatted to create the individual tables contained within this publication.

The data was downloaded no earlier than 4 March, no later than 4 May, and with daily checks for any amendments was correct as of 4 May. Service changes will continue to be monitored on a weekly basis and updates made where appropriate.

All pages are formatted as A4 pdfs, so can easily be printed.

We would like to take this opportunity to thank Barry Doe for his invaluable contribution to this project so far. Barry is a leading commentator through his website www.barrydoe.co.uk.

I would like to add my personal gratitude to Brian Burkinshaw, my predecessor as timetable editor, for his invaluable help and guidance during the handover process for this publication, the first National Rail Timetable for which I have had responsibility. Many thanks, Brian - these are very big shoes to fill.
